

Programma Wetenschappelijke Bijeenkomst
Nederlandse Vereniging voor Gedragsbiologie
27 –29 November 2002

WEDNESDAY, 27 NOVEMBER 2002

1730 - 1800 Registration

1800 - 2000 Dinner + Bar open

2000 - 2100 *Chair: Serge Daan*
Prof. Monique Borgerhoff Mulder
Dept of Anthropology, UC Davis, USA
Recent Questions in Human Behavioural Ecology

2100 - **Posters + Bar open**

THURSDAY, 28 NOVEMBER

0800 - 0850 Breakfast

0900-0925 *Chair: Hans Slabbekoorn*
Irene Tieleman (RUG)
Energy and water budgets of larks in a life history perspective: is parental effort related to environmental aridity?

0925-0950 **Joris Koene (VU)**
Energy budgets in a simultaneous hermaphrodite: A trade-off between growth and reproduction during development

0950-1015 **Laszlo Garamszegi (U Antwerpen)**
Female survival and lifetime reproductive success in a passerine bird: is it really costly to be a secondary female?

1015 – 1040 **Serge Wich (UU)**
The function of Thomas langur long calls

1040 –1110 Coffee

1110 - 1135 *Chair: Ido Penn*
Mandy Korstjens (UU)
Sexual activity and female mating strategies: a comparison of three colobus species

1135 - 1200 **Kate Lessells (NIOO)**
Why are males bad for females?

1200 - 1300 **Detlef Fetchenhauer (RUG)**
Human females' reproductive strategies and their chance of being sexually aggressed

1300 - 1400 Lunch

1400 - 1425 *Chair: Menno Kruk*
Paul Koene (WU)
How wild are our domesticated animals?

1425 - 1450 **Serge Daan (RUG)**
A clock for all seasons. From behaviour to genes in the circadian clock

1450 - 1515 **Kamiel Spoelstra (RUG)**
Circadian resetting in mice with clock gene deletions

1515-1530	<p>Poster talks <i>Chair:</i> Katharina Riebel Posters (* = no talk) Bokkers, Eddie (WU) Eating behaviour, and preprandial and postprandial correlations in male broiler and layer chickens Biemans, Barbara (RUG) Memory and the biological clock: Behavioural and immunochemical analyses of circadian memory retention modulation in young and aged rats Bolhuis, Liesbeth (WU) Individual differences in behaviour of pigs during a restraint test *Leitao, Albertine (UL) Does the number of different phrases in chaffinch songs influence both male and female responses? Gienapp, Phillip (NIOO) Timing of breeding in a variable environment - does 'learning' help? *Houx, Bart (UU) Measuring stress responses using automated infrared thermography Peet, Margriet (UL) A study of acoustic variation in great tit song and ambient noise Smallegange, Isabel (NIOZ) Agonistic interactions among shore crabs depend on both resource holding power and resource value Terpstra, Nienke (UL) Song learning in zebra finches: what is the relation between the strength of preference for and number of elements copied from the tutor songs? van Heijningen, Caroline (UL) What are the differences in generalisation after discriminant training in zebra finches (<i>Taeniopygia guttata</i>) between length and structure of a song? van Dierendonck, Machteld Social behaviour of mares pre- and postpartum compared to behaviour of non-pregnant herd mates in semi-feral herds of Icelandic horses *van Oers, Kees (NIOO) Behavioural strategies in the Great Tit: structure of inheritance</p>
1530-1600	Tea
1600-1630	Dr. Frans M. Martens, Netherlands Organization for Scientific Research (NWO), deputy director Earth and Life Sciences 'Recent developments at NWO'
1630-1730	<p>Huishoudelijke vergadering Agenda Huishoudelijke vergadering NVG 1. Notulen jaarvergadering 2001 2. Verslag over jaar 2002 3. Financieel jaarverslag 2002 & verslag Kaskommissie 4. Professionalisering Administratie? Financiële Gevolgen (NIBI? / Vast Secretariaat?) 5. Plannen voor 2003. Begroting 2003 6. Nieuwe bestuursleden 7. Benoeming nieuwe Kascommissie 8. Internationale ontwikkelingen en bijeenkomsten 9. Wetenschappelijke Raad & ontwikkelingen bij NWO 10. Rondvraag 11. Sluiting</p>
1730-1830	Poster session + bar open
1830 - 2000	Dinner
2000 - 2100	<p><u>G. P. Baerends lecture</u> <i>Chair:</i> Kate Lessells Prof. Tim R. Birkhead Department of Animal & Plant Sciences, University of Sheffield, UK <i>Sexual Selection in Birds</i></p>
2100 -	<p>Noldus Borrel Call by during the drinks for a demonstration of EthoVision for Windows and The Observer. Drinks are sponsored by Noldus Information Technology bv.</p>

FRIDAY, 29 NOVEMBER 2002

0800 - 0850 Breakfast

0900 - 0925	<i>Chair:</i> Joris Koene Nikolaus von Engelhardt (RUG) Influence of mate preference and maternal hormones on sex ratio and sex specific development in the zebra finch
0925 - 0950	Tobias Limbourg (NIOO) Female investment in relation to male attractiveness in blue tits
0950 - 1015	Eleni Nikitopoulos (UU) Selective mating versus promiscuity in female long-tailed macaques (<i>Macaca fascicularis</i>)

1015 - 1045 Coffee

1050 - 1115	<i>Chair:</i> Berry Spruijt Bas Rodenburg (WU) Can feather pecking in laying hens be triggered by frustration?
1115 - 1140	Claudio Carere (RUG) Social stress in a territorial bird selected for different personalities: physiological and behavioural responses
1140 - 1205	Ido Toxopeus (UU) Influence of dominance rank, age and stimulus characteristics on cognitive performance in group-living long-tailed macaques
1205 - 1230	Erwin Geerts (RUG) Non-verbal communication in depressed patients' interactions with spouses and unfamiliar

1230-1330 Lunch

1330 - 1355	<i>Chair:</i> Liesbeth Sterck Peter Dijkstra (RUG) Male-male competition and sympatric speciation in African Cichlid fish
1355 - 1420	Dave Thomson (NIOO) Quantifying avian dispersal
1420 - 1445	Hans Slabbekoorn (UL) Birdsong, ecology, and speciation: little green birds in Cameroon
1445-1500	Menno Kruk (LACDR, LU) Closure

1500 - 1530 Tea and end of meeting
